As you are aware, the initial allocations have been modified into existing Title III Master Subgrants or new subgrants executed for these funds. The Allocation of the \$25 or \$54 million (which ever becomes available first) will be modified into subgrants as soon as the authorization is received from the Department of Labor (DOL). The National Reserve Account grant modification documenting the \$25 million award and requesting the total of \$54 million will be sent to DOL next week.

These allocations are based on the percentage of total need. The need level used was provided to us by project operators in the project plans submitted February 3, 1997. Subsequent adjustments to need will be considered based on updated information.

Please refer any questions regarding this matter to Luis Hermosillo at (916) 654-5416 or Laine Hendra-Aldrich at (916) 654-5595.
